

Rajesh Mullapudi

Operations Manager – US Healthcare Revenue Cycle Management

Hyderabad, India — 9542233448 — rmullapudi1@gmail.com — linkedin.com/in/rajeshmullapudi

Professional Summary

Healthcare Revenue Cycle Management leader with **12+ years of progressive experience** across US Healthcare Accounts Receivable and Prior Authorization operations. Proven expertise in managing large-scale delivery organizations, client onboarding, SLA/KPI governance, denial management, and financial performance improvement. Strong background in cross-functional collaboration, workforce planning, automation-driven reporting, deep-dive analytics, and transitioning operations from onboarding to steady-state (BAU) delivery.

Core Competencies

- US Healthcare RCM Operations (AR & Prior Authorization)
- Client Onboarding, Transitions & BAU Stabilization
- SLA/KPI Governance (TAT, Aging, Collections, Denials, Quality)
- Denial Management, Appeals & Payer Escalations
- Workforce Planning, FTE Allocation & Capacity Management
- Process Improvement, Root Cause Analysis & SOP Governance
- Stakeholder, Client & Cross-Functional Management

Professional Experience

Operations Manager – R1 RCM

Aug 2023 – Present

- Lead **9 AR and Prior Authorization engagements** with a span of **130+ FTEs**, owning end-to-end delivery, productivity, quality, and financial outcomes.
- Govern client SLAs and KPIs including TAT, aging, collections, denials, appeals, underpayments, and quality compliance.
- Drive revenue and cash flow improvement through queue prioritization, denial trend analysis, payer escalations, and focused appeal strategies.
- Own **client onboarding and transition management**, coordinating cross-functional teams to gather requirements, enable system access, allocate FTEs, and establish operational readiness.
- Maintain onboarding issue and risk logs; resolve dependencies related to credentialing, payer enablement, and submission workflows.
- Perform **deep-dive analysis on problem statements** using KPI trends, variance analysis, and root-cause identification.
- Lead workforce planning, capacity modeling, and utilization optimization to meet SLA and financial targets.
- Partner with clients and leadership through governance calls, QBRs, and escalation management.
- Leverage **Excel VBA and Python-based automation** to streamline reporting, KPI dashboards, and productivity tracking.

Team Lead – Delivery, Reventics / Omega Healthcare

Jul 2022 – Aug 2023

- Managed AR and authorization operations, ensuring SLA adherence, productivity targets, and quality benchmarks.
- Handled client and internal escalations and supported continuous process improvement initiatives.
- Coached team members to improve output, accuracy, and compliance.

Quality Analyst – Omega Healthcare

Jun 2018 – Jan 2022

- Conducted quality audits across AR and authorization workflows to ensure payer compliance.
- Identified error trends and implemented corrective action plans to improve first-pass accuracy.

Senior Analyst – Phycare
Senior AR Associate – Vision 2K

Oct 2014 – May 2018
Jan 2013 – Sep 2014

Key Projects – Operations Analytics & Automation

- **Monthly Denial Dashboard (Python):** Developed a Python-based dashboard using Pandas and openpyxl to analyze denial trends, denial reasons, payer performance, and appeal success rates.
- **Production & Resolution Rate Review:** Built a production review mechanism to measure resolution rates, closure velocity, backlog movement, and team performance.
- **Automated Operations Metrics Capture Tool:** Created an automation tool to capture daily volumes, productivity, TAT, quality, and utilization metrics across engagements.
- **Client Metrics Calculation Automation:** Automated client-level KPI calculations including aging buckets, SLA adherence, collection rates, and denial percentages using Python and Excel VBA.
- **AI-Assisted Action Plan Identification:** Leveraged Agentic AI tools to support deep-dive analysis, root-cause identification, and data-driven corrective action planning.

Education

Bachelor of Engineering (Electrical & Electronics Engineering)
 Mallareddy Engineering College

Certifications

- **Certified Revenue Cycle Representative (CRCR) – HFMA**
- **Certified Specialist Ambulatory Practice Management (CSAPM) – HFMA**
- **Certified Specialist Physician Practice Management (CSPPM) – HFMA**
- **Anatomy of Analytics: Three Critical Components Leadership Needs to Know – HFMA**
- **AI Fluency – Anthropic**

Technical Skills

- MS Excel – Advanced (Pivot Tables, Dashboards, **VBA Automation**)
- **Python for Data Analytics** – Pandas, NumPy, **openpyxl**
- **KPI Dashboard Development** – Python- and Excel-based operational dashboards
- **Data Analytics with Python** – Trend analysis, aging analysis, variance and root-cause analysis
- Power BI – Beginner (Basic dashboards and performance reporting)
- Performance Reporting, Automation, and Data Interpretation

AI & Advanced Analytics Exposure

- **Agentic AI Tools** – Claude, OpenAI Codex
- AI-assisted analysis, reporting automation ideation, and structured problem-solving

Leadership & Soft Skills

Strategic Thinking, Client Communication, Team Leadership, Analytical Problem Solving, Operational Governance
